

# CONTENT OUTLINE OF BOOK 02

Mastering the information in Book 02

**STEP 5: DETOXIFICATION** – toxin accumulation is the cause of all disease.

## 1. What is detoxification? .....

- A. The removal of accumulated toxins
- B. Detoxification with electromagnetic pulse charges
- C. Detoxification with supplement products

## 2. Kinesiology, the best means of evaluating the presence of hazardous toxins in the body. . .

- A. How it works (understanding human electromagnetics)
- B. Why it's better than other testing methods (more specific, faster, does it in layers)
- C. Learning to feel arm strength
- D. Point testing
- E. The subjectivity factor
- F. Self testing

## 3. Understanding the basic TBA Kits

A. Master Kit (understanding the toxins that accumulate and cause all pain, sickness and disease)

- i. Food chemical toxins (additives, preservatives, pesticides, coloring, biochemical, misc chemicals)
- ii. Environmental toxins (fumes, smog, cigarette, perfumes, misc inhaled toxins)
- iii. Cosmetic toxins (hair color, make up, shampoo, soap, creams, salves, sprays, deodorant, etc)
- iv. Misc chemical toxins (solvents, cleaners, biochemical, misc skin irritants.)
- v. Medication/narcotic toxin (from blood pressure & pain pills, to toxic supplements & illegal drugs)
- vi. Metal toxins (dental, old plumbing, appliances, cookware, metal implants, jewelry, water, etc)
- vii. Vaccine origin toxins (vaccination origin toxins)
- viii. Pathogenic toxins (cocci, bacilli, spirochetes, mycobacteria, mycosis, viruses, parasites)
- ix. Injected toxins (Bite/sting sources, arthropods)
- x. Structural toxins (physical trauma, physical injury, scar tissue, etc)

- xi. Electromagnetic toxins (electricity, infrared, ionic, radiation, etc)
- xii. Emotional toxins (experiences that become recorded as negative in the body)
- xiii. Spiritual toxins (experiences that open doors to negative forces)
- xiv. Inherited toxins (genetic weakness is caused by inherited toxin)

B. Anatomy & Physiology (Advanced) Kit

C. Nutrition Kit

- i. Cell salts
- ii. Fatty acids
- iii. Vitamins
- iv. Minerals
- v. Amino acids
- vi. Bach flowers

D. Other kits (extensions of the Master kit – more specific vial samples)

**4. Using the Remedy Maker**

- A. Making remedies from the TBA kit vial samples
- B. Making antidotes of body secretions and misc items (medication, cigarettes, etc)

**5. Making symptom remedies**

**6. Factors to making a perfect, custom program**

- A. Understanding primary
- B. Targeting the cause of the problem in the specific tissues
- C. Achieving homeostasis to avoid the healing crisis

**7. Other forms of detoxification**

- A. Colonics
- B. Baths
- C. Wraps
- D. Misc
